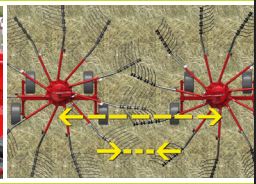
Farm King

The **double rotary rake** by Farm King is a semi-mounted rake designed for larger field structures and high volume production designed for use with 70-80 hp tractors. This single windrow machine with overlapping rake wheels ensure that no material is left on the field.

OVERLAPPING RAKE ARMS

OIL BATH GEARBOX/CARDAN SHAFT



ADJUSTABLE WORKING WIDTH

› 70-80 hp required

› 23/26 ft. working width

› Adjust unit hydraulically
