Farm King

Farm King round bale carriers will change the way you look at picking, moving and stacking bales. You'll not only save time and money, but Farm King bale carriers are designed to maintain the integrity of the bale, with gentle handling, even on bales that have been left on the field through the winter season! The strings will remain intact, from the field to the stack.

GRAPHITE COATED BEAMS

PICKUP ARMS

SINGLE OR DOUBLE ROW

› Simple and gentle picking

› Up to sixteen 4' wide bales

› Optional bale deflector

SAVE YOUR STRINGS.
